Forest Management

“YKK is a Forest Organization.”

These are the words of our founder, Tadao Yoshida.

In a forest, some trees are old and venerable, rich with experience and knowledge, while some trees are young, scarcely more than saplings.

Our organization aims to be like a forest, with each individual growing onward and upward in their own unique way.

Forest Management enables everyone to exercise their own strengths with individuality and to work skillfully without needing to be directed by others, all the while moving forward together.

While we are all employees, we are also all managers.
