- Relationship of YKK Group business with the environment
- Fundamental environmental management directives and policies

Responding and contributing to the green market/Environmental impact reduction management/Global environmental management system

Since we established the YKK Group Environmental Charter in September 1994, the YKK Group as a whole has been working to protect the environment. This Environmental Charter expresses our fundamental philosophy, which includes our desire to create harmony between the environment and the healthy and abundant lifestyles of people and our commitment to work to protect and improve the environment in all of our business activities.

YKK Group Environmental Pledge

~ Our fundamental understanding of the global environmental issue ~

It is recognized today as being a most important duty for all humankind that we preserve the abundantly endowed global environment and that we transfer it to the next generation in sound condition.

Striving to be an earth friendly company, YKK Group proclaims that we will address and promote "harmony with the environment" as the highest priority of our business activity.
